

FUNDRAISING

About Fundraising

Every founder hits roadblocks on their journey - questioning where to go, how to move forward, and how to scale effectively. Having navigated these challenges through both successful and challenging Web3 projects, we've gained deep insights and practical expertise along the way.

Dzeta's Advisory Service offers dedicated support from our core team members, focusing on your project's strategic direction, fundraising, business development, and tokenomics.

What Our Advisory Program Includes:

1

Weekly mentorship
calls with mentors

2

Project concept and
strategic roadmap
development

3

Active business
development (BD)
support

4

Pitch deck creation
and refinement

5

Expert consultation
on tokenomics

Every founder hits roadblocks on their journey - questioning where to go, how to move forward, and how to scale effectively. Having navigated these challenges through both successful and challenging Web3 projects, we've gained deep insights and practical expertise along the way.

Let's discover
your project's
optimal path
forward,
together.
